East Stoneham

— Gladys Kilgore, Corres. —

Was not able to attend the Senior Citizens picnic last Thursday. However I got a card signed by all there, and was very much pleased with it. Hope to join them all at Fryeburg in July.

Mr. and Mrs. Leonard Doughty visited Otis Cobb at the Bridgton hospital Wednesday.

Tuesday I went down to Dr. Martin's in Harrison. Mrs. Martin had her orange tree plant on their lawn. It was loaded with small oranges. Really the plant is beautiful. Mrs. Martin must have a green thumb.

Dwight Grover and crew are having. He has his in bales and trucks it to his barn.

Mr. and Mrs. John Grover are enjoying a visit from their daughter Harriet and husband of North Dakota. Their daughter Stella and son will join them later. They make their home in Washington.

The Health and Welfare have been doing some work for Mrs. Agnes Files.

The first public church supper will be held Thursday. Everybody welcome.

Mrs. Gertrude Yamma visited the Stan Nelsons one evening last week.

Mrs. Hazel Allen of Lovell called on friends here Saturday. She brought me a lovely bouquet of pansies. Most thoughtful of her. I certainly enjoyed them.

Carol Buck is having a new window installed in his house.

Mr. and Mrs. Stanwood Nelson went to Norway Monday.

Sunday River

— Mrs. R. M. Fleet, Corres. —

School is out and most of the older children have part time jobs.

Darnita Yates and Edwick Yates left early Wednesday for Florida.

The hay has been cut and got into the barns before this much needed rain. There was a heavy frost the other night, destroying much of the gardens. Some have been replanted.

We had a nice steady rain from eight Saturday night until about four Sunday afternoon.

Sent in by Eva Yates:

Raymond Hathaway spent the holidays with his mother, Eunice Hathaway.

Russell and Eva Yates with Verna Swan and Esther Pierce of Bryant Pond attended the neighbors night meeting of Winthrop Grange in Shelburne, N. H. Thursday night.

Mr. and Mrs. Stanley Morgan called on the Yates Friday p. m. They recently visited Tom Yates in Colorado for two weeks.

Roy Blake and Emma Page spent the evening with the Clayton Blakes recently.

Eva and Russell spent Sunday with the Lawrence Yates family on High Street, West Paris.

Loretta Merrill took care of her Dad, Clayton Blake, while Peggy went for treatments on her neck at Dr. Sherwin's, Rumford.

Russell Yates was in Norway Wednesday for his usual blood check. Of course yours truly went along for the ride.

Eliana and Martina Birney called on the Yates' Wednesday as did Lucy Adams, but found no one home. Sorry.

Bryce Yates and crew are now logging on Wild River. Fuel or lack of it is no good in his business. What is it all coming to?

The big white trailer is gone from Leroy Kenison's.

Helen Runnels has been helping out at the Thurston mill while some have vacation.

A dark cloudy July 2—hope we get some more rain—we need it.

Did you ever make a rhubarb pizza? They are super!

The way the cars are going and coming on Sunday River I'd say "Business is booming."

A phone call from Darnita says they are fine—having a good time and leaving Virginia today for Florida and sights.

Mr. and Mrs. Michael Woolf of Auburn spent Sunday with the Clayton Blakes.

Saturday, the last day of June and rain, beautiful, wet rain, that the crops are all crying for. Sunday and more lovely rain. Thank

you.

Recent callers at the home of Mr. and Mrs. Lester Cole were Mrs. Iva Smith of North Windham, Mrs. Mary Bryant of Auburn; Mr. and Mrs. Wilfred Noyes, Wilton; and Mr. and Mrs. James Libby of Bangor.

God for this lovely wet rain. Hope it rains tonight (Sunday) and tomorrow.

The frost of the morning of June 26, killed a lot of gardens around. Not very encouraging after all the expense and hard work of getting one started. Barbara Yates and Jeannine Fleet were among the losers.

Greenwood City

— Mrs. Collista Morgan, Corres. —

Few moments of all the year are more lovely than these of the last week have been.

This morning I dug weeds from my flowers. The sun had put out the stars and there was breeze enough to keep the insects away.

Mother Robin hopped about the lawn while her baby yipped nearby. When Mother found a worm Baby hurried to get it. Earthworm after earthworm disappeared, crammed into the mouth by Mother.

I listened to the silver flute of a finch trilling up high, singing to his family near by.

My roses just coming into bloom shared their perfume with the gentle breeze. They stopped my work and I stood to breathe their fragrance. I drank their beauty in, a pageantry of summer at its best.

Shifting shadows on the water lightened and darkened with the moods of the sun.

"I find earth not gray, but rosy. Heaven not grim, but fair of hue. Do I stoop? I pluck a posy, Do I stand and gaze? All's blue."

Robert Browning

From somewhere out back, again and again the woods rang with the "Teacher! Teacher! Teacher!" of the oven bird.

A flicker, with its exultant call, darted across the lawn, its white rump patch catching the sun, shining out against the dark background.

A plump toad burrowed in the moist earth beneath a group of peonies, blinked and hopped away.

Near the driveway a fine foliage of yarrow, stood. Its grayish-yellow heads were visited by bees and butterflies. (I know now why I didn't cut them down when I was clipping the grass.) Yarrow has a peculiar pungence when its leaves are crushed. It will wreak

your nose; it's a herb of remem-

bering.

Besides weeding I have been strawberrying, boating, fishing, and stacking wood into the shed, and mowing lawns—just keeping busy.

As I climbed the cart road one day, the sweet, pungent fragrance hovered over the hill side, as freshly cut grass wilted in the sun. At a farm people exist in a hay fragrance and night the odor, touched by some quality of night, drifts inward through the screens.

"When the lazy clouds are drifting in the deep blue of the sky, An' the waterlilies blossom On the little creek nearby Then it's time to get the mower, 'Cause the summer's in its prime. We will fill our barns to burstin' In the busy haying time."

—Anne Campbell

Each year hay harvest time is a period of hustle and anxiety because there is always apprehension about what the weather man decides to send the farmer; especially when he has his best grass down.

The day I was on the pond, the water was rough because of the strong wind. It wasn't that strong when I started out; just enough to drift easily up pond but coming back I had to pull hard on the oars to make any headway. However no trouble at any time.

The night has now come falling gently, while the stars are swarming in the sky. As I finish this through the darkness move the fireflies. Out back and over the lawn there is a twinkle of lights. I notice especially beyond my desk window the tiny golden-phosphorescent brilliances that glow between me and the woods. They are moving in numbers full of mystery. What a beautiful light it is pulsating on an upward flight.

The necessary papers were made out and signed at Saturday's meeting, and have been forwarded to the bank. Interest at the rate of 1% per month, or part thereof, will be charged on all taxes not paid before Nov. 1.

3¢ PER GALLON DISCOUNT FOR CASH
ON HEATING OILS

Big Deal!

No cause for celebration.

Naturally Casco will offer the new savings rates and options, including the extra 1/4% interest on regular savings which new Federal regulations allow. But that 1/4% increase is hardly cause for celebration. All it means is an extra 25¢ a year for every \$100 you have in regular savings.

Fight back! Let your congressman know how you feel... that the new regulations don't go far enough.

Loopholes are better!

Here's an even better way to fight back. If you have three thousand dollars or more in available savings, bring it to Casco and open a "Loophole." That's the six-month, money-market certificate for people who don't have the full \$10,000 minimum deposit the law requires.

We lend you the difference.

Yes, for once you can actually make money by borrowing money. In fact, at present rates, if we put up \$7,000 and you add only \$3,000 of your own, you'll still come out way ahead of any 5 1/4% savings account. And your money is set aside for only six months.

So come on in.

We'll explain all the details and show you how many of our customers are using Loophole Certificates to earn 6, 7, 8% or more on investments of only about \$3,000, \$4,000 or \$5,000. And you can, too.

They're always thinking... about us.

My sister, Annie Mills, who has been in the hospital in Sanford the past week returned to her home in Shapleigh on Saturday.

NOTES ON SUMMER PLAYGROUND'S FIRST WEEK

The first week on the Summer Playground was nothing but one great day after another. The brief rain shower on Tuesday did nothing to keep the sunshine off the playgrounds nor the kids inside. It was a week full of activity, too, something for everyone from softball and kickball games, to checkers and dominoes to playing "house" in the cool of the shade trees. Designs made with vegetables and fruits and stamp pad ink, little people and animals made of clothespins or pompons, coloring with crayons on huge sheets of paper, and invitations to the Friday Morning Theatre, were all part of the arts and crafts projects for the week. Special guest, Suzanne Laban, brought her spinning wheel and some freshly sheared wool to teach the art of spinning—and there were over a lot of talented novice spinners as a result! A quick exhibit of mini-terrariums was shared by Eric Anderson and Matthew Laban. They took cups and nestled small plants inside, dirt and all, with a "little bit of love" besides.

Tryouts for the Friday morning Theatre were held Thursday, the cast was called Friday, and work got underway for the preparation of props, scenery, and costumes. Practice will begin Monday and continue until Friday's performance at 10 a. m.

And Bethel's tots (3-5 year olds) got a taste of playground action when they brought their decorated bikes and doll carriages for the annual Doll Carriage and Bike Parade. Six children with doll carriages and kids' size shopping carts, and four with bikes entered the parade. Prizes were given to the two best decorated in each category, plus a small prize for all participants (judges were Kay Chadbourne and Cathy Newell; prizes were donated for this event by Brown's Variety, Prim's Rexall Pharmacy, and Charlie's Place).

The big treat of the day was the 21 pound watermelon bought with the money from a returnable bottle and can collection, all as "watermelon fund". Next time there will be two melons. One just doesn't go far enough where 40 kids are concerned, on a hot sunny afternoon, it was found out.

Thus far, the Volunteer Leaders and Junior program has worked out very well. All leaders have proved competent, willing to do their job well, and enthusiastic in all respects, considering their ages, ranging from sixth grade through ninth. Some parents have responded to the supply needs by giving old crayons and stencils. Still needed are a stapler, staples, heavy duty shavers, and plenty of tape.

Record numbers of children have been reached on the playground this week. Forty-three attended the first day, and the average was 40 for the week. Total registration 74. The second week they expect to have just a few more registrants and nearly the same daily average. Lynn Bristol will visit with her guitar and lovely voice! Carol Gersen will be back with most interesting craft projects; and Friday, the youngsters will present their play of C. Schulz's "It's Arbor Day, Charlie Brown." It will be at 10 a. m. at Crescent Park School. Family, friends and the public are welcome. It is all for fun and growing in knowledge of self and technique.

CARD OF THANKS

To all our friends near and far, also to our children and family, we wish to say we deeply appreciate your kindness, expressed in many ways, during our illness these past months. Your thoughtfulness cheered us and helped us look ahead to complete recovery. Thank you so very much.

Their daughter, Lorene Grombry, from Kansas City, Mo., and her two sons, Jordan and Jarro, are accompanying them. This is their seventh year visit to the Multer cabin.

From a sermon by Bert Griffith, Pastor, West Bethel Union Church. Based on the scripture from Joshua 24:15 "...but as for me and my house, we will serve the Lord."

Each family had ought to look upon himself as obliged to act in three capacities; a Prophet to instruct, a Priest to pray, with and for, and a King to govern, direct and provide for his family. There is no denying the importance of this responsibility, and regardless of one's indifference to this responsibility, God will require a due discharge of these offices.

"But if any provide not for his own house, he has denied the faith, and is worse than an infidel." (1 Tim. 5:8). I think God is speaking here not only of spiritual direction but of spiritual direction for the household and this direction is given to the father. We must take thought for the spiritual welfare of our family. To say, "When they grow up, I'm going to let them make up their own minds," is nothing but a cop-out. Our responsibility is to bring up our children in the nurture and admonition of the Lord. To let them make up their own minds is like telling them, "I don't care anything about you—I really don't care about you." This is no base for them to work on. You have not supplied it. Perhaps it is because you do not have it yourself. Perhaps your mother and father didn't give it to you, but this is no excuse. The Word of God is there for us, and we are with-out excuse.

Are we really showing them by example? We are to show our children by our actions, by our leadership, by our time in prayer, by our time with the Word of God by the decisions we make, by the values we put on life, especially our home life by the respect and consideration of each other. We are saying to the world—I love my family and I care about them. I provide for them, not only physically, but spiritually and not only by giving, but by holding back and taking away that which is not good for them. When we allow just a little sin into the sanctuary of the home, when Jesus Christ is not first, and God's Word is not at all, then you have compromised, then you have tolerated, then you have tolerated, and trouble at home. As Christians, parents, we are exhorted to counsel with our children, not by bawling them over the head with our morality, but in love and prayerful consideration of their wants and needs. We ought not to be afraid to say "no." Reading, thinking, talking and experiencing Christ in the home is the present that is given to all of us; showing your

Migraine . . . Agony around the Corner

The lights of oncoming cars may seem extra bright, nausea, wells up and your temples begin to pound. Panic sweeps over you. Oh No! Not tonight of all nights! If the symptoms seem all too familiar, you are probably experiencing the warning signal of an impending migraine attack: Migraine pain is not always limited to headache. Called by doctors the "migraine equivalents," other side effects can include: chest and abdominal pains, vomiting, diarrhea, swelling of various parts of the body, fever, pains in the arms and legs, and rapid mood changes.

Migraine headaches almost never "go away." Usually they worsen, disrupting home life and social relationships, and adversely affecting job performance. Millions of Americans spend countless dollars on headache remedies, even though they know that they will probably give little or no relief, for migraines are caused primarily by expansion of the arteries and compression of the nerves in the brain and neck.

Chiropractic researchers have developed special tests to determine the precise point in the neck at which the arteries and nerves are being blocked. Sometimes X-Ray may be used to pinpoint the location of vertebral misalignment.

Your chiropractor, a specialist in the spine and nerves, uses all the aids of modern technology to learn where the source of the problem is, it is usually a simple matter to release the pinched nerves and alleviate much if not all of your suffering.

No one who has ever suffered a migraine attack would willingly repeat the experience. And many times you don't have to. A visit to your chiropractor can mean relief in the way.

children that you rely on prayer, that you have experienced answered prayer.

We have a Godly heritage. We in this country have been reaping what our forefathers have sowed on these shores for years. They came here to practice the worship of God freely. What will our children reap? We provide our children with bodily needs. We provide them with conveniences, but we forget their souls. The time will come, and perhaps very shortly in the age that we live, when we will appear before the judgment seat of God and will be required to give a solemn and strict account of how we have conducted ourselves as heads of the house.

What will your children's testimony be for you? God forbid that we should forsake the Lord. "As for me and for my house, we will serve the Lord." Let us reflect on our own souls and the infinite ransom that has been paid for you and for me, by Jesus Christ. Might every home within reach of this message know Christ as Savior. We pray for each heart.

MIDDLE INTERVALE MEETING HOUSE PEW SALE

In Memoriam "Fan" Capen Carter
When I was eight years old I had been "out" only twice: Last fall to the horse races at the County Fair, very exciting; during the winter to some kind of function at the West Parish Church. We went on a horse sled with soapstones at our feet and buffalo robes for warmth. We were taken especially to hear Mr. Chapin (Pete's father) sing, very impressive. Now it was summer again and I was getting ready to go to "meeting" for the first time and expected it to be a joyous experience.

First I was a bit disturbed at seeing so many strange men, dressed in blue serge suits and stiffly starched white shirts, standing about the meeting house steps waiting for the service to begin. A third look showed them to be only the neighbors whom I had never seen before in dress up clothes. Finally we gathered inside. I remember sitting for what seemed like hours sweltering in long cotton stockings, not daring to take them off. I looked longingly out the window at my grandfather, home for the week end, down on his knees weeding in his beloved melon patch. There was only one "little" thing that bothered me. Finally we gathered inside. I remember sitting for what seemed like hours sweltering in long cotton stockings, not daring to take them off. I looked longingly out the window at my grandfather, home for the week end, down on his knees weeding in his beloved melon patch. There was only one "little" thing that bothered me.

At that time there were three Frances Carters: "Fanny Tim", who taught the deaf and dumb; musical training came home and keep house for her father and look after all the visiting relatives; and "Fanny Ned", my Mother. She was a gay spirit, the first woman in town to go to the barber shop and have her hair bobbed. She had a great zest for life and had just as much fun at the Waldorf Fair as at the Waldorf in Manhattan. She dearly loved anything to do with "fixing up."

Were she alive, she would be in the Meeting House scrubbing paint, or home making coffee for the work crew, or sewing cushions for the pews.

She was not a church woman at all. What she liked to do, when there was a funeral service on a cold dreary day, was to invite the mourners over to Brick End for a cup of tea and molasses cookies. However she did have a deep abiding faith. When I went to stay with her one night during the last few weeks of her life, she asked me to please call a new minister. When I asked her what happened she said, "I suppose Alice (her sister) sent that young man to call on me and it was kind of him to come, but he started telling me not to be afraid to die, that was just too much. I told that young snippet of a lad that I had been left a widow with five young children, that I brought them up as best I could, that I had tried to do right all my life and I most certainly was not afraid to die, in fact I was looking forward to it."

If she went to the kind of heaven that she expected to, I can imagine her now. To celebrate my birthday her pew she is inviting me to lunch. They will have hot cakes, maple syrup, sausages, doughnuts, pie and gallons of hot tea. And as the laughter and what she calls "training a bit" slows down, I can see her casting an eye earthward as if to say, "What next?"

Olivia Davis, Corres.

Mrs. Esther Davis entertained her two grandchildren Jackie and Neal Tibbets the June 23 weekend. Jackie was attending Brownie camp at Norway Lake and Esther picked her up there. Sheryl Stowell stayed with Mrs. Mary Brown while she was gone.

I attended the lecturer's meeting at Sabbathday Lake Friday evening. Dot Coyne is Lecturer there and always has a large turnout for Lecturer's night. There were 114 present, 36 Lecturers and Past Lecturers, and 37 who had filled the office of Lecturer and Master at one time.

Mr. and Mrs. Mansfield Packard called on Esther Davis Monday evening. Mr. and Mrs. Frank Packard called on Wednesday afternoon for a while.

Mr. and Mrs. Frank Campbell and Jeffrey are having a two week vacation from their work.

Mr. and Mrs. Carl Brooks and Olivia Davis attended Oxford Potomac at North Waterford Tuesday night. Thursday night they went to Shelburne, N. H. to neighbors night at Winthrop Grange.

The gardens in this area are becoming quite dry. I've been watering tomatoes and new seedlings for some time now. I set out some head lettuce seedlings which I watered heavily. I hope they will decide to continue their growth. A little rain would help.

Mrs. Mary Brown is able to be up and ride out, now, we are glad to report.

DAY CARE CONTINUES

AT WEST BETHEL SITE

The West Bethel Children's Center is in full operation with 20 children enrolled in the Summer Day Care Program. This is the only federally funded Day Care Program in Oxford County and offers child care from 6:30 a. m. to 4:30 p. m. year round, five days a week.

The education staff is trained to provide a child development program enhancing the three to six year olds' physical, emotional, social, and intellectual development.

They also provide a warm, loving home-like environment where children can feel safe and happy while they are away from their parents. Another important aspect of the program is the nutritious snacks, breakfasts, and lunches served. Both the Day Care and winter Head Start programs stress total family involvement, and it is strongly believed that parents are the most important educators of their children.

The Children's Center staff is dedicated to children's total growth and development, and thoroughly enjoy their work. Bette Woodbury, Head Teacher; Donna A. Richard, Associate Teacher; Barbara Prest, Home-School Coordinator; Kathy-Jo Brooks and Leslie Brown, teacher-aides; Wanda Ellsworth and Lori Bean, summer youth workers, helping in the classroom; Melinda Remington, school cook; Marlene Bean is another summer youth worker helping Melinda in the classroom.

Applications are still being accepted for the fall Head Start and year around Day Care programs. The center telephone number is 836-3700.

This week at the school, the children have been enjoying a wide variety of both indoor and outdoor activities, including a trip to Twitchell Pond for swimming. Star of the week is Molly Gray.

Thanks are expressed to the parent volunteers and those who have recently donated items to the Center.

Saturday we started getting the much needed rain and the gardens began to take on new life. They had almost been at a standstill for a week. We also had rain all day Sunday and part of Monday.

The roses are beautiful this year and while I am writing this I look up and see a beautiful bouquet of them. I have been covering the roots of our last few years with a mound of pine needles and it seems they haven't been winter killing so much.

June 23, Carol and Melinda Mason, daughters of Mr. and Mrs. Charles Mason, came home from Evergreen Valley with 16 ribbons apiece. Carol won senior champion of the day and Melinda won junior champion of the day. Rachael and Sandy Plawlock and Marlene Bean also went with the Masons.

Pat Saunders went to the 50th anniversary of her aunt and husband, Mr. and Mrs. Richard Brown on June 23.

Gerry Shimamura and Jody, and Thelma Merrill left June 24th for Hempstead, N. H., to visit relatives and came back June 25. On June 26 Mr. and Mrs. Shimamura and Thelma Merrill went to Conway, N. H., where they met Louise and Albert Chapman and Phyllis and Eddie Grenier. They all made a tour of the Heritage House.

Mr. and Mrs. Homer Smith Jr. will be having their vacations this week.

Mr. and Mrs. Orial DeBois were down to visit her brother and wife Mr. and Mrs. Ernest Angevine.

Mr. and Mrs. Ernest Angevine took their grandchildren, Sheri, Kristy and Timmy Angevine to see their great-grandmother, Mrs. Rena Abbott, Dixfield, Sunday.

Mrs. Vivian Barlow of East Andover and Mrs. Floribel Haines and Mrs. Myra Foster on Tuesday.

Mrs. George Gamble, Jr. of Hanover, N. H., visited her parents, Mr. and Mrs. Robert Hastings, a few days last week.

Mrs. Leona Curtis attended the wedding of Miss Kathy Sennett and Steve Harrington in East Andover Saturday. Afterwards she visited Mrs. Alma Hewey in Andover. Wednesday visitors of Mrs. Curtis were Mrs. Lydia Ross of South Paris and Mrs. Ida Hadley

and Mrs. Gayland Doonen, Mike Lynch and Ann Holt ate supper at Blake View Camps Saturday night. They went to South Arm where you get on a boat on Richardson Lake and, as I understand it, the camps are on an island.

Bradley Benson, son of Mr. and Mrs. Frank Benson, married Fern Bachelder in the Universalist Church, West Paris Saturday. The reception was at the Legion Hall in West Paris. Andy Benson rode down with his grandparents. Bradley's brother, Frank Jr., and sisters, Sharon and Sylvia were all in the wedding party. The couple left after the wedding for a brief honeymoon on the coast.

Judy Coolidge with the help of Brenda Barnhill had a rummage sale Saturday. This got more or less rained out; but guess they, like the rest of us, were glad to have the rain.

Tuesday morning I went to an interior decorating party at Pat Anderson's. Mrs. Jeanne Flynn demonstrated different combinations one can use to decorate different walls with the use of shelves, figurines, greenery, cones, candles, pictures, mirrors, etc. This was very interesting and some of combinations I would never thought possible. Attending were: Mary Morse; Myrtle Lephart; Sue Angevine; Stephanie Yates and two children; Elaine Hutchins and two children, and Macki Chapman.

Wednesday while Gerry was down Dot Fisher dropped in for a minute. We had a nice visit. Mom and Dad, Mr. and Mrs. George Al-

A very heavy frost struck some gardens on Tuesday, in some places the entire garden was lost. It is too late to plant some of the seeds over again. It's too bad.

Many from our hamlet attended the benefit supper at the West Paris Grange hall on June 29 to benefit the Gerald Lowe family.

Several attended the "Open house" for Bill and Doris Slattery on their golden wedding anniversary, June 30, at their home.

We have enjoyed lovely straw berries picked by Stan Heath.

Thanks to Musa Brown, I got rid of the ball point mark on my good slacks, and I had the solution under the sink all the time. Had used it for cleaning woodwork a long time but not on clothes.

Mr. and Mrs. Joe Kallinowski at "Big Rock" entertained July 1, for the 40th wedding anniversary of Doris and Root Lawrence, the 39th for themselves and the 37th for Carroll and Mione Records.

Guests were Mr. and Mrs. Maynard Emery, Mechanic Falls, Mr. and Mrs. Pete Collette, Oxford, Mr. and Mrs. Herman Card, Norway; Mr. and Mrs. Albert Penley, Sr., Mrs. Evelline Barrett, town, and the honored couples, Mrs. Lea Dean was unable to be present.

Thelma Card brought the lovely cake to be shared. A bountiful feed was enjoyed with everyone bringing a share. Lovely time and place.

Doris Lawrence was at Dr. Weeks Friday.

Once in a while an out of state car goes by on our street.

Imagine a holiday in mid week. Some one goofed.

Mr. and Mrs. David Lyons went to Belgrade Saturday for the wedding of David's cousin.

Upton

— Mrs. Arline Bernier, Corres. —

Father Edgar Bailey II of Portland, will be conducting a service at the Upton Union Church at 2 p. m. on Sunday, July 7. Everyone welcome.

A hearing was held recently at the Upton schoolhouse concerning the proposed discontinuation of hunting seasons in this area for one to three years. Several citizens, camp and campground owners on or around Umbagog, two local game wardens and an advisor to Fish and Game Department were present.

Virginia Williamson saw a bear on Mill Road near her home recently. Others have reported bears crossing near the Maine-New Hampshire line and in Grafton on Route 26.

Mr. and Mrs. Leroy Wells of Ohio and their son and family and other family members are staying in town. The senior Wells plan to spend a month here after a return trip home for a few days. The younger Mr. Wells and family are planning to stay indefinitely and run his business of auto parts sales from this area.

We welcomed the rain as the gardens were drying up.

Margaret Mitchell held a bead party Monday with a few local people present. The next one is scheduled for Errol, to be held in the church basement.

FINAL ASSEMBLY HELD AT WOODSTOCK SCHOOL

Once again parents, relatives, friends and members of the community filled the many chairs set up in the gymnasium for the last assembly.

The program opened with music from a local teen group called "Free Wheelin'". These energetic young men provided music at various intervals in the program and as the program came to an end and the students were leaving.

Kathy Taylor, Judi Foster and Sheryl Wilbur, members of the Parent Volunteer Program presented the women faculty members with sweetheart rose corsages and the men with chocolates to show the volunteers' appreciation of a job well done for the year. Also honored were Quenda Billings, secretary for the school and Waywood Taylor, custodian. Mrs. Eleanor Tracy, principal and the lady behind the volunteer program was presented a fuchsia plant.

Outstanding student awards were presented as follows: Grade 1, Kurt Haskell; Grade 2, Louanna Rainey; Grade 3C, Angela Sawyer; Grade 3J, Delwin Wilson; Grade 4, Glori Bolio; Grade 5, Tanya Foster; Grade 6, Alan Verrill.

Perfect attendance awards were presented as follows: Grade 1, Jennifer Bell; Grade 2, Kristyn Monk; Grade 2, Thaddeau Wheeler; Grade 3J, Cheri Monk; Grade 5, Melvin Kennedy; Grade 6, Ambrose Brooks, Michael Cummings and Alan Verrill.

Trophy winners for the field day held the previous Monday were Kenneth Viger and Dee Dee Cox.

Volunteer workers were awarded certificates for their time and efforts donated to the program.

Pat Whitman presented custodian Waywood Taylor a gold dust pan as a token of the students' appreciation.

Mrs. Swain gave a "Thank You" to Cliff Wing from the teachers. He gave an acceptance speech.

Seymour Butters was made an honorary member of the recent volunteer program. He was thanked for always answering the calls for publicity.

Donny Hoyt was also made an honorary member and special mention made for the hours and muscle power donated during the very successful bottle drive.

The top academic student in the sixth grade, Alan Verrill, read a speech and the two second top ranking students, Theresa Wilbur and Mike Verrill read the class will.

The 6th grade students will be entering Telstar next year and were asked to step forward with their parents. It was said that these parents had worked beside their children this far and were asked to continue to walk beside them as they moved to Telstar as this is such a giant step.

NOTE OF APPRECIATION

Our sincere thanks to members of the Bethel Fire Department and everyone who helped in any way during and following the fire at our store on Wednesday. To Larry Patterson, Danny Wheeler, Howard Donahue, Bobby Buker and all who gave us a hand with the cleaning up, it was greatly appreciated.

RUMFORD HOSPITAL AWARDS CAREER SCHOLARSHIPS

Rumford Community Hospital and the Auxiliary jointly awarded \$12,800 in scholarships to fifteen recipients at a Scholarship Awards Tea, held June 18, at the hospital.

In awarding these scholarships to area students, H. Randolph Wirth, Executive Director, noted the important contributions to be made by these students upon the completion of their studies and their return to the hospital. Wirth said, "These scholarships are the contribution of the Hospital and Auxiliary to area students to help them attain their health career goals. These young people will become an asset to the hospital and their community."

Scholarships awarded by the Hospital were: Wendy Davis, Newry, \$900 to attend Westbrook Junior College School of Medical Technology; Renee LaPrelle, Dixfield, \$900 to attend EMVTI to become an LPN; Deborah Lothrop, Dixfield, \$900 to attend Westbrook Junior College's R. N. program; Teresa Morgan, Mexico, \$1,000 to continue her BSN studies at St. Joseph's College; Lisa Ryder, \$700 to attend the EMMC School of Nursing; Bobbie Todd, Dixfield, \$1,000, to obtain her BSN from the University of Southern Maine; and Cynthia Wilson, East Peru, \$1,000, to attend CMVTI to become an LPN.

Scholarships awarded by the Auxiliary were: Lynne Arsenault, Rumford, \$500 to attend CMVTI to become an LPN; Debra Briggs, Andover, \$900 to attend the Colby-Sawyer School of Medical Technology; Mary DeSalle, Rumford, \$1,000 to obtain her BSN from St. Joseph's College; Leigh Michaud, Andover, \$800 to attend St. Mary's School of Nursing; Peggy Morin, Bethel, \$700, to attend the University of Maine at Augusta's School of Medical Technology; Mary Ellen Palleschi, Rumford, \$1,000 to obtain her BSN from St. Joseph's College; Debra Tripp, Rumford, \$1,000 to attend the BSN program at St. Joseph's; and Carolyn Whitten, Andover, \$900 to attend the University of Maine at Augusta's School of Medical Technology.

Members of the Scholarship Committee included: Florence Kraft, Auxiliary Chairman; John Baker, Dirigo High School; Kathy Guinness, Telstar High School; James Ippolito, Rumford High School and Arthur Tirrota, Mexico High School, Guidance Directors; Linwood Rowe, M. D.; H. Randolph Wirth, Executive Director; Betty Palmer, BSN, Director of Nursing; Frank Barry, Director of Personnel; John Allen, Controller; Alfreda Kaubris, Executive Secretary; and Marjory Kraske and Leo Strout, trustees.

The Scholarship Program at Rumford Community Hospital was established in 1953 when the Hospital's School of Nursing was phased out. Initially the program was formed to aid the hospital in nurse recruitment, however, the program was expanded to include all areas of health careers several years later. As a need for personnel in all areas of health care became essential, the Hospital Auxiliary combined their scholarship program with that of the hospital. Scholarships are awarded to applicants on the basis of their high school record, potential, and personal references and need.

OXFORD POMONA

Oxford Pomona was hosted by Waterford Grange at North Waterford, Tuesday, June 26. There were 45 in attendance who enjoyed the bountiful supper served by the host Grange.

As this was the election date, the following officers were elected for the coming year: Master, Raymond Coleman; Overseer, Winfield Bennett; Lecturer, Gail Butterfield; Steward, Fred Stover; A. S., Raymond Tripp, Jr.; L. A. S., Connie Tripp; Chaplain, Marion Bennett; Treasurer, Pauline Appell; Secretary, Josephine Tripp; Gatekeeper, Carl Brooks; Ceres, Kitty Davis; Pomona, Margery Coleman; Flora, Anna Stover; Executive Committee, Fred Judkins.

Chairman of the Legislative Committee reported the trucking laws, dog laws on chasing deer, laws passed on high speed when followed by a cop, and fire compensation.

The Educational Committee on Scholarships was instructed to write up by-laws for the fund before next meeting.

A resolution on mileage paid by State Grange was voted down. Crooked River will host the next meeting on Aug. 7. Degree will be conferred.

It was voted to send two youths to Conservation Camp, to Grange Youth program in August and pay their way by Youth Committee funds.

The College Explorations Course is designed for adults who are interested in continuing their education but find the cost and distance to be traveled prohibitive. It combines an introduction to college and Vocational Technical Institute classroom atmosphere with review work in English, science and math. It should be of interest to residents who want to get involved in further education but feel that they have been out of school too long to start again, who feel they wouldn't be able to handle the work because of low high school grades or who are reluctant to get involved because they don't know what to expect.

At present, plans call for an eight week course, meeting twice a week. The course would be free of charge to local residents and would meet at a convenient location. Residents interested in further information should contact the Community Education Work Council at 824-2538 or stop in at the office over the Bethel Savings Bank.
